the
Retrospectives
collection

Period classics ... timeless

The Retrospective range of individual components blends traditional materials to make a diverse range. This classic range caters for those truly special jobs.

Retrospectives ... rediscover the treasures of yesteryear with these recreated designs of a bygone era ...

The poles shown on this page are examples of different combinations of components that make up the Retrospectives Collection.

IMPORTANT NOTES

FREE MADE TO MEASURE SERVICE

All Retrospectives Made to Measure curtain poles are available at the standard lengths, or they can be supplied cut to a specified length. The price of the standard length used to create the pole 'cut to a specific length' will be the price charged. There is no charge for the 'cut to a specific length' service. Please note that it is highly recommended that you check carefully all specifications and measurements.

PRODUCTION LEAD TIMES

All products within the Retrospectives Collection may require up to 3 working days lead time from receipt of order to despatch. Although we will always endeavour to provide a fast and efficient service, the quoted lead time cannot be guaranteed due to the use of natural materials within the product range.
