50mm

Actual Size

4. **'Skin'**: A CONTEMPORARY LEATHER LOOK IN 4 FINISHES. 'CHOCOLATE BROWN' LEATHER SHOWN.

5. **'Plains'**: SIMPLE MATT BLACK AND WHITE (SHOWN).

6. **'Oxides'**: AMAZING DISTRESSED METAL EFFECTS IN 4 FINISHES (NOT SHOWN).

Deco finish

What is a Polmet? It's decorative like a pelmet, hangs on a bracket like a pole, and runs like a track.

'AUTOGLIDE' ELECTRIC TRACK NOW MADE TO MEASURE IN HOUSE, IN JUST 3 DAYS

Hallis Hudson can now make-to-measure this track in-house, with our 3-working-day service. This turns what was a 10 day service into 3 days. At the moment we can do straight runs in this time (bends are still 10 days). We are the first distributor able to offer this service.

System 5090 Autoglides Motorised Curtain Track by Silent Gliss - Ideal for extra security, ease of operation, or just a touch of luxury.

- Motorised curtain track system purpose designed for light to medium weight curtains for domestic use only.
- System comprises 24V motor set including power unit and switch.
- Automatic end-of-travel stop.
- Choice of basic model with wall switch (5090), with Remote Control (5090IR), with Timer Light set (5090TL) or with all options (5090TC) - See System Options for each specification.
- Maximum system width is 5m.
- The system can be bent to a minimum radius of 250mm. (maximum of 2 bends per system).
- Easy ceiling or wall fix.
- Each system will be supplied fully assembled, made-to-measure and cannot be cut down later.
- Suitable for use with Wave curtain heading system.
- White only.
- No pre-wiring necessary.
- Excellent security device when homes are unoccupied.

Enclosed Profile Roman Blind Components Which one should I use?

Enclosed Roman Blind Kit v Professional Profile & Components

As part of our Roman Blind offering we aim to provide products to suit individual needs:

- Ready Made Kits which offer all in one solution – good for those one off or small jobs.
- Extensive component offer which gives you the opportunity to use alternative ancillary products e.g. Transparent Roman Blind Rods & Bottom Bars for Sheer fabrics. – Gives greater flexibility for larger users who make up on a regular basis.

Enclosed Roman Blind Kit

This one stop solution provides everything (apart from fabric) to make up a Roman Blind.

Includes:

- Fully assembled 'Professional' Profile – Pre-loaded cord drops, chain housing with chain, universal brackets and touch and close faced fastening.
- 7 cut to length white roman blind rods and white aluminium bottom bar.
- All ancillary products – tape, rings, screws & fixings.

Professional Profile

This fully assembled profile gives the option of buying separate ancillary products e.g. transparent rods & bottom bar for use with sheer fabrics.

Includes:

- Fully assembled profile- Pre-loaded cord drops, chain housing with chain, universal brackets and touch and close faced fastening.

Contents	Professional Profile 0930R/Size	Enclosed Roman Blind Kit 0929R/Size
Fully assembled enclosed profile – pre-loaded cord drops, end caps, chain housing complete with chain loop, brackets with fixings, touch and close fastening.	✓	✓
