Delivery Address
(If left blank, we will assume that delivery is to your standard delivery address)

Any additional information

Important Information - Corded Tracks

We are required by law to ask for the height of the installation so that we can ensure the bottom of the cord loop we supply is a minimum of 150cm from the floor. If you do not know your installation height, specify 'unknown'. Where you specify 'unknown', we will supply your track with a cord drop of 100cm - We recommend discussing this with your fitter prior to placing the order, as they may be required by law to shorten the cord in order to conform with child safety legislation.

Did you know?

You can get a quote and place your made to measure order online via our webshop: www.halliswebshop.com
halliswebshop.com will ask you all of the relevant questions, making your ordering process easier and giving you confidence in complying with the legislation.
